

Parents,

Welcome to the little ones class! We just have a few additional updates for you as you get ready to transition your child into school.

### **Parent Involvement Hours (P.I.)**

If you'd like to earn P.I. time by donating to our class, you can purchase items on our Amazon wish list. You can also help out (and earn P.I. time) by purchasing items for some class activities listed below:

- Kinetic Sand (for sensory bin)
- Polaroid Film (I-Type)
- Laminator Sheets
- Cardstock (any colors)
- Small white canvases (size 6x6 or 8x8)
- Age Appropriate Play Kitchen Food

There will be many more opportunities to earn P.I. time throughout the year!

### **Parent/Teacher Communication**

This year, we will be using a new application to connect with our families called Brightwheel. This will be used as a daily communication from teacher to parent. We understand that a lot of you will be separating from your children for the first time, so we don't want you to miss out on all of the adventures your little one experiences while being away from home. Parents are more than welcome to share fun things from home as well! Please do not hesitate to send us a message via e-mail or call the school directly if it is easier to contact us that way.

### **Sippy Cups & Pacifiers**

Sometimes our mornings can be a little busy and we forget things or leave them behind. We are asking that you send in one extra sippy cup to leave at the school in case something like that happens. Still send them with their cups daily, but in the event that they don't bring one to school, they will have one in their cubby. If your child uses a pacifier, also send an extra one to leave at the school in their cubby, just in case.

We are looking forward to a great year with your children!

Thank you,  
Mrs. Jackson
